Methodology

An e-mailed invitation was sent to MoneyShow.com's investor subscriber list on 8/29/07, with several follow-up reminders sent to non-responders.

A total of 302 responses was received by 9/3/07, for a response rate of 8.4%.

The maximum margin of error is within +/-5.35 percentage points of the proportion reported using a 95% Confidence Level. That means if the survey was repeated 20 times, the results would be within this range in 19 of 20 cases.
